MM Docket No. 97-104
RM-9048

To: Chief, Allocations Branch
Policy & Rules Division
Mass Media Bureau

MOTION FOR LEAVE TO SUPPLEMENT RECORD

Hunt Broadcasting, Inc. ("HBI"), licensee of Station KIKM(FM) (formerly KDVE(FM)), Denison-Sherman, Texas, by its counsel, hereby requests leave to file a supplement to its counterproposal pursuant to Section 1.415(d) of the Commission's Rules. By this supplement, HBI seeks to make the Commission staff aware of recent developments in two other separate but related docketed proceedings and their relevance to matters at issue in this proceeding. This supplement can be accepted by the Commission as a matter within its discretion. See e.g., South Congaree and Batesburg, South Carolina 5 FCC Rcd 7480 at note 3 (MMB 1990) and Live Oak and St. Augustine, Florida, 4 FCC Rcd 758 at note 4 (MMB 1989).

1. On May 19, 1997, HBI filed a counterproposal in this proceeding to upgrade its station from Channel 269C1 (which was allotted in MM Docket No. 95-126 but is not yet final) to Channel 269C and change community of license from Denison-Sherman, Texas to Azle, Texas, as its first local service. Station KIKM currently operates as a Class C3 facility and has an application pending for Class C1 (BPH-960712IH). HBI's counterproposal relied on its

current operation as a Class C3 and its potential operation as a Class C1 for certain technical showings. In addition, in response to the Petition for Reconsideration in MM Docket No. 95-126, HBI requested that its community of license be changed from Denison-Sherman to Sherman. The community of license issue is relevant to certain matters discussed in HBI's counterproposal with respect to the public interest factors involved in justifying a change in the community of license. In its separately filed supplement, HBI makes the Commission staff aware of the action taken on reconsideration of MM Docket No. 95-126 and reports that the action is now on appeal and not yet final due to the filing of an Application for Review on August 8, 1997.

2. Secondly, HBI's counterproposal in this proceeding has not yet been accepted by the staff. HBI's engineer has discovered that a conflicting proposal was entered in MM Docket No. 97-84 after HBI's counterproposal was filed. However, the proposal which created the conflict has been withdrawn in MM Docket No. 97-84. Thus, HBI believes it is appropriate to make the staff aware through the filing of a supplemental pleading that it may now be possible to issue a public notice accepting HBI's counterproposal.

3. HBI does not take this opportunity to argue the merits of its proposal or raise any new issues. Thus, HBI respectfully requests that the Allocations Branch consider the separately filed Supplement as it relates to recent events occurring after the filing of HBI's May 19, 1997 counterproposal.

Respectfully submitted,

HUNT BROADCASTING, INC.
